Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: Claims 1-15 are considered allowable over the prior art, as the prior art does not explicitly disclose the song matching function with the downloading of the unmatched portion of the relative pitch template of the recognized song as a digital accompaniment signal and the conversion of the accompaniment signal to audio transmitted in synchronism with the matched song as it is sung.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
